Summer Pathfinders (aka Camp Counselors)

TomTod Ideas is a youth development nonprofit in NE Ohio that listens to, honors, and advocates for middle schoolers.

Yep. You read that right. Middle schoolers, and only middle schoolers.

We create programming specifically for 10-14 year olds because we think their perspective is valuable and necessary for the community. Since 2012, we've helped thousands of middle schoolers discover and love their community while finding ways to help it thrive. Using the latest research about early adolescent development, our programming allows students to explore idea creation through a community-focused, developmentally appropriate lens.

During the summer months, we turn our attention to curating an array of summer learning opportunities. Summer camp iterations range from community-based, week-long day camps to school-partnered immersive learning experiences, all centered around the needs, ideas, and perspectives of middle schoolers. These learning experiences are flooded with a heavy dose of fun, quirkiness, and imagination, together creating unique summer learning adventures.

Summer Pathfinders are an integral part of our Summer Programming team. As a Pathfinder, you'll empower early adolescents, help camp logistics run smoothly, impact a wide variety of communities in NE Ohio, and create a positive impact on our campers' lives.
